PATTERN ALTERATIONS & BODY MEASUREMENTS FOR THE RIGHT FIT

Wednesday October 23rd, 10:00 am – 4:30 pm

In this hands-on workshop you will learn how to identify the fitting problems and how to solve them. Ron will show how to correct fitting problems regarding raising or lowering bust fullness in a princess seam, adding in a dart when a pattern requires one, moving a horizontal underarm dart to a vertical waist dart, altering for a small bust and increasing full bust for a princess seam. Along with pant alterations for knock and bowed legs, full and protruding seat, flat seat and many more. We will also take 28 body measurements for you: high bust, low bust, shoulder width, sleeve length, back waist length, pant and skirt length....plus more...a total of 28 body measurements. Every student will have an alteration package to take home with them showing all the alterations that they have done. Ron will give you the inside answer on what pattern companies run larger and which ones tend to run true to measurements. He will also explain how much wearing ease you need in all garments from close fitting, fitted, semi fitted, loose fitted and very loose fitted. Take the guess work out of trying to choose what size garment by finding the "finished garment measurements" and not using the sizes on the back of the pattern envelope. See the difference in sizing charts in major pattern companies and how to choose the right size for you and how to avoid disappointment in fitting.

Kit fee: \$30.00 payable to the instructor the day of the class

DINAH SCAMMELL

VERSATILE WAVE PURSE BY RUTHANN STILWELL

Wednesday October 16th, 10:00 am – 4:00 pm & Wednesday October 30th, 10:00 am – 1:00 pm
OR Saturday January 4th, 10:00 am – 4:00 pm & Saturday January 11th, 10:00 am – 1:00 pm

I fell in love with these purses like many others have. As it is within the name, this purse is very versatile! Put your creative skills to work and spice up the pattern, the possibilities are endless. We will put together the purse base and reversible cover in class

We can cut and assemble these pieces using only a simple sewing machine. This Susan Rooney pattern was designed by Ruthann Stilwell. It will be our guide, but with a few changes I have made to save time. Fancy quilting, piecing or embellishments are not possible to accomplish in class, unless they are prepared prior using a much larger than needed piece for fussy cutting. Directional fabrics are better to avoid until you tackle your next purse! Students should be familiar with their sewing machine and zipper work.

Remember to ask for your supply list and pre-class instructions.
